Supplemental Type Certificate

Number: ST00898DE

This certificate issued to: DigEcor, Inc.
743 West 1200 North Suite 100
Springville, UT 84663

certifies that the change in the type design for the following product with the limitations and conditions therefore as specified hereon meets the airworthiness requirements of Part 25 of the Federal Aviation Regulations.

Original Product – Type Certificate Number: FAA Approved Model List (AML) for Glide Lite In-Flight Entertainment System, Doc No. ST00898DE, Rev IR, dated May 02, 2018 , or later FAA approved revision, lists the approved models, applicable installation data requirements, and specific

Description of Type Design Change:

Installation of a Glide Lite In-Flight Entertainment System in accordance with FAA approved Master Document List – Glide Lite, Document No. 827REP7002-029, Revision A, dated April 23, 2018, or later FAA approved revision.

Limitations and Conditions:

1. The installer must determine whether this design change is compatible with previously approved modifications.
2. A copy of this Certificate must be maintained as part of the permanent records for the modified aircraft.
3. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, and revoked or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of Application: July 31, 2015 Date Reissued:
Date of Issuance: May 02, 2018 Date Amended:

By Direction of the Administrator

Any alteration of this certificate is punishable by a fine of not exceeding \$1,000, or imprisonment not exceeding 3 years, or both. This certificate may be transferred or made available to third persons by licensing agreements in accordance with 14 CFR 21.47. Possession of this Supplemental Type Certificate (STC) document by persons other than the STC holder does not constitute rights to the design data nor to alter an aircraft, aircraft engine, or propeller. The STC's supporting documentation (drawings, instructions, specifications, flight manual supplements, etc.) is the property of the STC holder. An STC holder who allows a person to use the STC to alter an aircraft, aircraft engine, or propeller must provide that person with written permission acceptable to the FAA. (Ref. 14 CFR 21.120).

FEDERAL AVIATION ADMINISTRATION - PARTS MANUFACTURER APPROVAL

Dear Mr. Leftwich:

In accordance with the provisions of Title 14, Code of Federal Regulations (14 CFR), part 21, Certification Procedures for Products, Articles, and Parts, subpart K, the Federal Aviation Administration (FAA) has found that the design data, based on Supplemental Type Certificate submitted by digEcor, Inc. with your letter dated May 17, 2018, meet the airworthiness requirements of the regulations applicable to the products on which the articles are to be installed. Additionally, the FAA has determined that digEcor, Inc., has established the quality system required by § 21.307 at 743 West 1200 North, Suite 100, Springville, UT 84663. Accordingly, Parts Manufacturer Approval (PMA) is hereby granted for production of the replacement articles listed in the enclosed Supplement No. 3.

You are reminded that the provisions of 14 CFR, parts 21 and 45, apply to the enclosed PMA Listing-Supplement No. 3. The enclosed supplement should be retained with the original PMA letter as evidence of approval to produce the articles concerned.

Sincerely,

For 
John P. Rigg, Manager
Phoenix MIDO Section

PMA NO. PQ05320NM
SUPPLEMENT NO. 3
DATE: June 4, 2018

ARTICLE NAME	PART NUMBER	APPROVED REPLACEMENT FOR PART NUMBER	APPROVED BASIS AND APPROVED DESIGN DATA	MAKE ELIGIBILITY	MODEL ELIGIBILITY
Glide Lite In-Flight Entertainment (IFE) System	MDL827REP7002-029	Modification Part	STC ST00898DE <u>DWG No:</u> MDL 827REP7002-029 <u>Rev:</u> A <u>Date:</u> 4/23/18 or later FAA-approved revisions	BOEING	757-200 Series

..... **End of Listing**

Note: The procedures that have been accepted by the type certificate or TSO authorization holder and its cognizant FAA Aircraft Certification Office, for minor changes to original articles used on type-certificated products, are also acceptable for incorporating the same minor changes on identical PMA replacement articles. The PMA holder must be able to show traceability relating to the TC, STC or TSO authorization holder on all minor changes incorporated by this procedure. When these procedures are no longer applicable because of completion of production contract, or termination of licensing agreement or business relationship, all subsequent minor design changes to the PMA articles must be submitted in a manner as determined by the ACO. Major design changes (reference 14 CFR §§21.319 and 21.619) to drawings and specifications are to be handled in the same manner as that for an original PMA.
